

## What is Boston Babywearers?

Boston Babywearers (BBW) is a local non-profit group made up of diverse parents who love babywearing. We learn from one another and share our knowledge with those who are new to the joys of babywearing.

There are many great resources online, but there is nothing like walking into a room full of parents wearing their little ones and being able to make friends and learn together.

Join us for a meeting on the third Wednesday of each month or the second Sunday of even months to experience all that we have to offer.

## *What is Babywearing?*

Babywearing is simply holding your baby close to your body using a fabric carrier instead of your arms. This practice has been used all over the world for centuries.

It can help you bond with your baby while relieving your aching back and arms. Children enjoy spending time snuggled close. It can help calm colic, soothe cranky babies, comfort overstimulated or tired toddlers and give your child a safe and warm place to take a nap or just view the world around them.

Babywearing lets you be hands free, allowing you to walk the mall, clean the house or go hiking, all while not having to worry about your little one.
